About The Sino-German Initiative

As China steps into the role of globalization's biggest supporter and as Germany continues to advance its long-established position as the world's frontrunner in technology and engineering, The SGI aims to further strengthen this partnership.

The Sino-German Initiative is an independent think-tank that engages business, academic and other leaders of society to shape the Sino-German agenda through economic, technological and cultural exchange. SGI works to stimulate a constant dialogue between the two countries to promote commercial trade, to spur research & development, and to tackle global issues with an open-minded and multilateral approach, providing for more stability and understanding, particularly, in times of crisis.
