Department of Industry and
Information Technology of
Henan Province

Dear Business Leaders and Industry Partners,

On behalf of the Department of Industry and Information Technology of Henan Province, China, we cordially invite you to the **2026 China (Henan) – Germany Industrial Cooperation Matchmaking Conference**, taking place in Frankfurt on October 14, 2026.

As a major industrial powerhouse in China, Henan Province boasts a robust and fully integrated equipment manufacturing ecosystem. The visiting Henan delegation comprises **leading enterprises across key sectors, including new energy commercial vehicles, smart power distribution & high-voltage electrical systems, heavy engineering & intelligent logistics equipment, and high-precision machinery manufacturing**. These industry-leading capabilities seamlessly align with Germany's Industry 4.0 expertise, offering vast potential for mutual cooperation.

This matchmaking conference is designed as an exclusive, high-level platform for B2B dialogue. It offers European enterprises direct engagement with top executives from Henan's flagship industrial companies, fostering strategic synergies, technology integration, and cross-border partnerships.

We look forward to welcoming you to Frankfurt as we shape the future of industrial cooperation together.

Sincerely,

**Department of Industry and Information
Technology of Henan Province, P.R.China**
